Treasure God's Work in our lives

"Mary treasured up all these things and pondered them in her heart."
Luke 2:19

Mary probably had memories of the remarkable events surrounding the birth of her child, Jesus, the incarnate Son of God. Gabriel's surprising and humbling announcement, the visit with Elizabeth, the birth and visit from the shepherds and their description of angels singing. Mary wanted to commit each detail to memory and praise God for her part in His story.

Looking at Mary's example – we should treasure God's work in our lives. Last month the teachers were able to share the birth of Jesus at special Christmas parties. One club had 28 in a home, two churches each had 8, and the one held outside in Spring Arbor had 8. What wonderful moments to treasure!!! Another treasure was presenting how to use the Wordless book and learning ways to witness to the students at Fellowship Academy Christian school. Giving the students time to practice with each other and then asking if there were any who had never asked Jesus to be their Savior from sin – another treasure – 6 students believed on Jesus!!!

Lives touched by the ministry of Child Evangelism Fellowship are meaningful memories you can cherish and praise God for as you support and pray for the children.

Serving Him with You,
