

HONDURAS

SANCHEZ FAMILY

Many blessings, dear brothers in Christ. I hope you are well when you receive our letter of prayer requests and news from the mission field among the Lencas of Honduras. It is a joy to share with you!

OUR FAMILY

Everything has been normal. Ruth and David are finishing their classes and this summer they will be involved in translating for some missionary teams.

Ruth will be helping to translate for the entire month of July. Teams of doctors and nurses are coming with a mission organization from Alabama and she will be volunteering. This mission organization does not work directly with us but they do a lot volunteer work which has blessed Hondurans in different parts of the country. David will also be volunteering for two weeks translating for two support teams that come from North Carolina to help us.

BIBLICAL INSTITUTE FINISHES ITS FIRST SEMESTER

The Bible Institute finished its first semester of classes in five places in the mountains where we are going to teach them. THIS DOESN'T MAKE SENSE!

I am directly in charge of the Opalaca region in the northern part of the Lenca territory. I had 23 students of which 22 completed their classes.

It is a great satisfaction to be with them and see their growth in the knowledge of the Word of God and share it in new churches.

There are five churches in this region. The population there is of 40,000 people.

WORKING WITH WOMEN

Yoamy has been visiting the women of each region together with her team of women leaders to encourage them.

They have a time of biblical teaching, of prayer, and fellowship together. Cheering each other on. They also share food with a needy family from each place.

DISTRIBUTION OF BIBLES

We continue with the distribution of Bibles and helping to facilitate access to materials such as dictionaries and study Bibles. In the short season of coffee, it is an excellent time here to buy a bible since there are more funds in the families.

CONSTRUCTION WORK IN THE CAMP KITCHEN

This month of April we were working on laying the floor of the dining room and kitchen of the camp in Yamaranguila. It was a great blessing to work together and achieve the goal.

DISTRIBUTION OF FERTILIZERS TO SOME FAMILIES

The rainy season begins in May and with the help of the Terranova Church in Texas, we distributed 20 bags of fertilizer to some Lenca families. This fertilizer will be very helpful as they will be able to secure corn and beans for their homes.

PRAYER REQUESTS:

- 1) Pray that David and Ruth will be used by the Lord in translating and communicating the gospel to others as well as helping short-term missionaries and doctors who come to serve in this area.
- 2) Pray for Yoamy's work with Lenca women for the truth of God's Word to bring about profound changes and also provide comfort to those who suffer.
- 3) Pray for the Lenca Biblical Institute and the process of training leaders. The next semester begins in July.
- 4) Pray for the Lenca camp in Yamaranguila. We need to finish the dining room, bathrooms and install the electrical system.
- 5) Pray for the Bible distribution program so that each day we can put the word of God in the hands of more people.
