

# SHEPHERD'S HEART

May 2023

*News from the  
Bonham's*

Dear Friends,

Welcome to our photo journal! This has been a busy spring. In March I completed the first draft of the next edition of Loving Well 2, our marriage course. It consists of ten sessions with small group exercises and homework. Now we are in the editing process. Those who actively use Loving Well 1 are reviewing it. At the end of August we will meet with the Latin America team in Columbia to test the material. Then it will receive final editing, graphic design, translation to Spanish and publishing! Whew!

We continue to work with couples at home and around the U.S. At the end of April we were in Phoenix doing an intensive Loving Well (10 sessions in 3 ½ days). The top picture shows those who joined us. All are Spanish speakers (except us!). The second picture shows participants blessing us (and perhaps praying we could be given the gift of speaking Spanish!) Our Mission Associates, Wally and Karen DeSmet, helped us. They were in the midst of leading another Loving Well group while this one was going on.

Carlos and Chelita Baross have two groups going – one online with participants from Bolivia, Peru and Mexico, as well as a local group in Argentina. They are training new group facilitators and working with missionaries and counselors. They are having a great impact at home and abroad.

We thank God for your heart for marriages around the world and your prayers and support!

Blessings, Mark and Mary Bonham
