One and a Half

D.L. Moody, famous preacher of the 19th century, came into his office one day smiling. He told his secretary that he had just led one-and-a-half people to Christ. She was curious and inquired as to how he could lead one-and-a-half people to Christ. Moody replied that he had just led a man and his son to saving faith in Jesus. The secretary said, "Oh, I see. The small boy, he was the half." Moody's face went from a smile to a serious expression, and he replied, "Oh, no. It's quite the other way around. You see, the man's life is half over, but the little boy still has his whole life to live for the Lord. The little boy is the one and the man is the half."

It is still true today that we must do all we can to bring children to faith in the Savior so their entire life can be directed by His love and influence. -- Dr. Robert A. Rohm

Summer Ministry

Child Evangelism Fellowship® has a strong presence at the Jackson County Fair, and the Civil War Muster. While the children are experiencing a face painting they are invited to hear a brief presentation of the Gospel. Those that receive Christ are given Bibles and other helps to assist them to grow spiritually. Children that know Christ are encouraged to share the Good News with others and they are given devotional books to help them continue to grow in Jesus. This is our largest outreach by far and many adults stop by and tell us of when they were young and heard the Gospel and the difference God made in their lives. We are always looking for prayer warriors, greeters, and painters that witness at the fairs making an eternal difference in each life. Please call Jana at the CEF office at 745-0811 if you would like to be a special part of these outreaches in our community.
