

Erick Sanchez - Honduras News

Church Planting among the Lenca in Honduras, Central America.

Dear brothers and friends, Greetings!

We want to thank you for all your support throughout this year of our church planting missionary project in the mountains of Honduras.

We remain focused on our three objectives. Evangelize each mountain community; Establish new churches led by local leaders; Focused where no church exists. Fulfilling Matthew 28:19-20

WE SHARE SOME NEWS WITH YOU TO PRAY FOR THEM.

Lenca women's ministry continues to advance.

Yoamy and her team are passionate about the work of Lenca women through discipleship and accompanying visits, where they have very varied activities. It is interesting to see how women walk long distances from their communities, some three hours, to receive their Bible study, fellowship and pray together.

Among women, we have another program: teaching sewing. We are taking to different villages at every three months end and we start in another community.

Development of new churches in the opalaca region.

In the mountains of Opalaca, we have a beautiful work of planting new churches. At this moment there are three places that are in the process of growth and development. Yes, with some struggles and trials, but it is beautiful to see new believers worship God and open their Bibles and listen to their testimonies of faith.

Lenca Biblical Institute our pillar.

This is Our basis in the training of those who will be and are the new leaders in indigenous communities. This year I start a new place of classes. At the Jesus de Otoro Baptist Church, where we have 11 students.

In total we have 35 students who wish to serve the Lord as pastors.

Lenca Camp

We continue working on the construction of the Lenca camp in Yamaranguila. In 2024 we want to build two bedrooms for 35 people. Help us pray for a construction team to give us a hand.

This photo is of the dining room, almost finished.

Prayer requests:

- 1) Pray for the Lenca women's program that is developed in different communities, for Yoamy and her team of women
- 2) Pray for the construction process of the Lenca camp in Yamaranguila. We need to build two dormitories that will allow us to accommodate 75 people. And in which we can train.
- 3) Pray for the Opalaca region and the new believers there who gather in the communities of El Pinal, La Vega and Lajitas.
- 4) Pray for the students of the Lenca Bible Institute so that they remain firm in their training process.
- 5) Pray for the provision of a motorcycle for Pastor Joshua who walks to preach for three hours.
- 6) Pray for me. To have wisdom and support the new pastors in the normal problems that arise in the ministry and encourage them to do God's work in these mountains.
