

June 2024

Ah, summer, long warm days, vacations and much more. For me it is also a time to look back and then look forward. Looking back at our year of Released Time I find that it has been a fuller year than what our schedule would indicate. One class, kept getting canceled for various reasons so we added a class to the schedule and finished the class in May. In another class we had some challenges with student attitudes but by the last class both the school and I agreed that one of those students had made great progress, including during school. Some of the other students apologized for their behavior as we got off the bus to return them to school. During that class there were many questions about God and the Bible as they listened to God's Word and tried to relate the lessons to the complicated world that they are exposed to. While, as far as I know, no one in that class trusted Christ, the answers that I gave to their questions were well received and God's Word has been planted in their hearts. Please pray that the Word bears fruit unto everlasting life.

The Michigan Center School issue was finally settled. We only had four students, but we have a now open door and a good way to get information about classes to parents using the United States Post Office and Every Door Direct Mail. This program allows us to target mail more accurately by only sending information to the routes within the district and at a much lower bulk rate.

Looking forward, June is the time when the letters to schools stating our intention to conduct class in their school next year are mailed. For me it is also a time when I look forward to helping with teaching and preaching as needed to the fill ministry needs of churches. Right now, my schedule is clear so if you have a need or would just like me to show up for a short update or just show up for an occasion please contact me.

Thank you for praying. We could not have gotten through without God's help. Thank you for giving, we finished the year in the black. There is a long list of things to thank you for but let me put all those things under this one last thank you.

In His service

Dave and Wendy Kurowicki
